## Consignment Details

This consignment contains lithium CELLS or BATTERIES in the following configuration (check all applicable boxes):

PI 966

UN 3481 Lithium Ion Batteries Packed with Equipment – Section II

Cells or batteries contained in a package may or may not be installed in the equipment. The number of cells or batteries in each package shall not exceed the number required to power the equipment, plus two spare sets. **Select applicable:**

- Cells:** not more than 20 watt-hours (Wh) per cell
- Batteries:** not more than 100 watt-hours (Wh) per battery

PI 967

UN 3481 Lithium Ion Batteries Contained in Equipment – Section II

Only cells or batteries installed in equipment that are required to power the equipment are permitted. **Select applicable:**

- Cells:** not more than 20 watt-hours (Wh) per cell
- Batteries:** not more than 100 watt-hours (Wh) per battery

PI 969

UN 3091 Lithium Metal Batteries Packed with Equipment – Section II

Cells or batteries contained in a package may or may not be installed in the equipment. The number of cells or batteries in each package shall not exceed the number required to power the equipment, plus two spare sets. **Select applicable:**

- Cells:** not more than 1 g of lithium metal per cell
- Batteries:** not more than 2 g of lithium metal per battery

PI 970

UN 3091 Lithium Metal Batteries Contained in Equipment – Section II

Only cells or batteries installed in equipment that are required to power the equipment are permitted. **Select applicable:**

- Cells:** not more than 1 g of lithium metal per cell
- Batteries:** not more than 2 g of lithium metal per battery

## Transportation Details

I certify that this consignment does not contain any of the following forbidden items:

- recalled, damaged or defective cells and batteries
- packages containing only cells or batteries

I certify that on the air waybill I will indicate the following:

- A. the applicable lithium cells or batteries statement in the ›Nature and Quantity of Goods‹ box
- B. the number of packages marked with a lithium battery mark

I understand that each individual package (whether or not it is placed in an overpack):

- SHALL NOT contain more than 5 kg net quantity of lithium cells or batteries
- SHALL be durably and legibly marked with the lithium battery mark

I declare that the contents of this consignment have been properly prepared, are packaged, marked, and labeled correctly, and are in all respects in proper condition for air transport. All regulatory and documentation requirements have been met.
